

Welcome to Olver Electrical Contractors

Whatever your requirements, Olver Electrical Contractors deliver results consistently, reliably and efficiently every time.

With experience in Industrial, Commercial, Rural and Domestic installations, we offer a comprehensive and complete service to fulfill all our customers Electrical Requirements.

One call and all your Electrical Requirements will be addressed.

"Olver Electrical Contractors have operated in the SouthWest region of England since 1993. and today we employ 6 qualified electricians. (We also run an active apprenticeship scheme).

Our client base is broad and varied, no job too small or large for that matter" You can rest assured that we will always strive to provide above average service and product without the cost cutting and shortcuts only too familiar in our industry. We feel that is a job is worth doing, it's worth doing properly.

We look forward to delivering this comprehensive service to you.
